

## Gaming Associates on panel with Danish Gambling Authority

### Press Release

Sydney, Australia 2011-09-11 UTC

From **ga**'s offices in Sydney Australia Alan Pedley, CEO, announced Gaming Associates has agreed to provide expertise on a panel with the Danish Gambling Authority to provide guidance on the technical standards and certification requirements for online casinos and online betting in Denmark. Awedacity has invited **ga** to provide expertise to participate in the Denmark Online Gaming Conference on Monday 03 October 2011 – [www.denmarkonlinegaming.com](http://www.denmarkonlinegaming.com). The conference will feature:

Danish Gambling Authority:	Birgitte Sand (Director), Morten Ronde (Chief Advisor), Tina Olsen (Head of Division), Kristian Wind (Senior Technical Advisor), Mette Thomsen (Legal Officer);
Horten:	Nina Henningsen (Partner), Mikkel Taanum (Attorney);
Ludomani Centre:	Michael Bay Jorsel (Head of Centre);
Policy Action:	Wes Himes (Managing Partner);
Gaming Associates:	Alan Pedley (CEO & Principal Consultant); and
Alderney Gambling Control Commission:	Michael Ellen (Director of Licensing & Strategy).

*“It is recognition of Gaming Associates expertise and commitment to online gambling in Denmark and Europe to be involved in a conference with such renowned experts”,* said Alan.

**ga** was the expert consultant used by the Danish Gambling Authority to develop technical standards and certification regime to meet its unique and specific requirements. Meaning that **ga** is uniquely expert in the provision of compliance and certification services whether as expert consultants or as an accredited testing organisation.

*“Gaming Associates’ UK office will be managing our global team of accredited testers and consultants ensuring first rate service and availability to European operators and vendors, while utilising the strengths of the world’s most accredited and experienced online gambling consulting and testing group.”,* said Dr Aftab Rizvi, General Manager.

**ga** provides online gambling compliance and testing services in online gaming jurisdictions worldwide and uniquely offers savings by amalgamating gaming and accredited PCI certification services.

**ga** encourages organisations to send delegates to the Denmark Online Gaming Conference or to contact us with any questions whatsoever.
