

ga accredited in Spain : game software & info' sys' security

Press Release

London, United Kingdom 2011-10-20 UTC

Today the VICEPRESIDENCIA DEL GOBIERNO DE ASUNTOS ECONOMICOS (Vice President of Government of Economic Affairs) announced Gaming Associates (**ga**) is accredited to certify both: (a) **game software** and (b) **security of information systems** for the Spanish online gambling industry. **ga**'s General Manager, Dr Aftab Rizvi, attending meetings with the Payment Card Industry (PCI) in London said, "*We welcome our accreditation in the Spanish online gambling industry. **ga** is similarly accredited by online gambling regulators worldwide and this further demonstrates our expertise in both gaming and information systems security.*"

ga adds Spanish accreditation to other European (and related) jurisdictions to its Payment Card Industry (PCI) Qualified Security Assessor (QSA), Approved Scanning Vendor (ASV), and Payment Application Qualified Security Assessor (PA-QSA) accreditations. Speaking from client meetings in Auckland New Zealand, **ga**'s CEO, Alan Pedley said, "*It is our clear policy to be accredited in all aspects of e-gambling and information security certification in all jurisdictions worldwide. We are the only company accredited to perform the full scope of certification in Denmark, Malta, and now also accredited to certify against the full scope in Spain.*"

"*As the only company also providing PCI certification services we are uniquely able to offer real savings to companies interested in one-stop certification services*", Alan said. "*This provides material savings in time, cost, and disruption to the regulated online gambling industry.*"

ga is committed to peerless gambling and information certification services. **ga**'s consultants are typically trained/accredited to: CISSP, CISA, PCIQSA, ISO 27001, etc thus ensuring **ga** clients get the best possible professional services.

The inclusion of Compliance Testing Laboratories (CTL) into the Associates Group provides **ga** with increased permanent European resources to provide localised support for organisations seeking certification in Spain and elsewhere in Europe, Gibraltar, Isle of Man, and Alderney.
